

ORIGAMI DI FIORI: IL TULIPANO

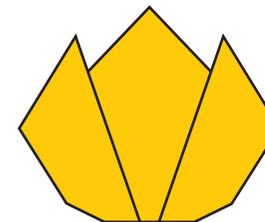

1. piega il foglio seguendo una diagonale

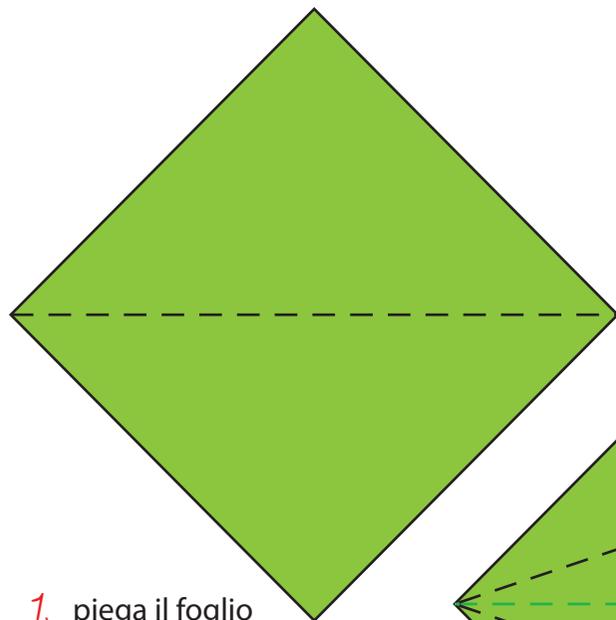

2. piega i due lembi verso il centro ma attenzione non devono toccarsi!

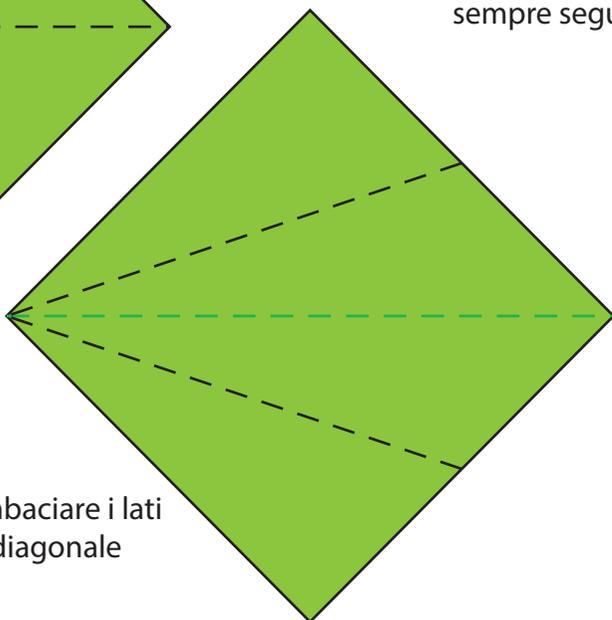

3. piega gli angoli indietro

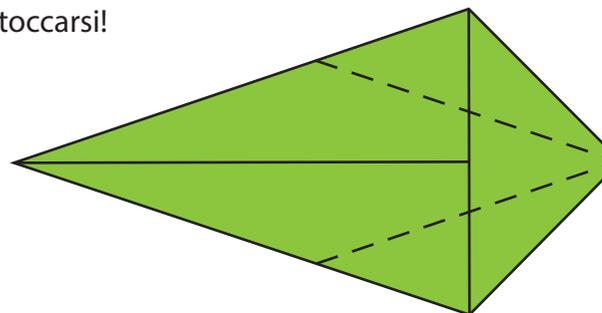

4. ecco il fiore del tulipano

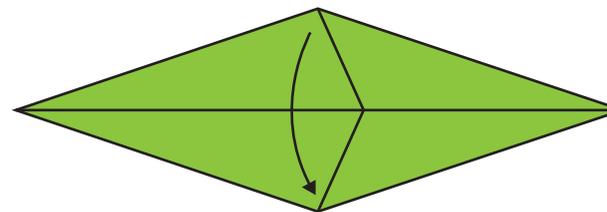

1. piega il foglio seguendo una diagonale

2. fai combaciare i lati con la diagonale

3. piega dall'altra parte sempre seguendo la diagonale

4. ora piega il rombo seguendo la diagonale maggiore

5. ecco una foglia del tulipano
