

ORIGAMI DI FIORI: UN FIORE

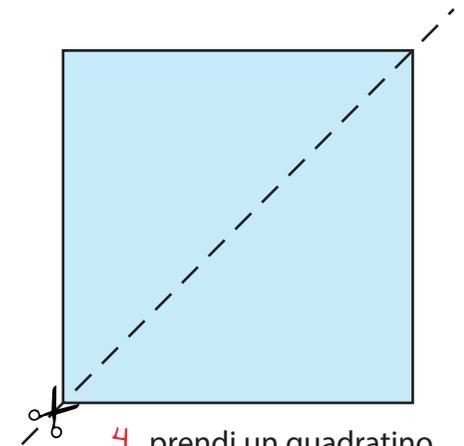

1. prendi un foglio colorato

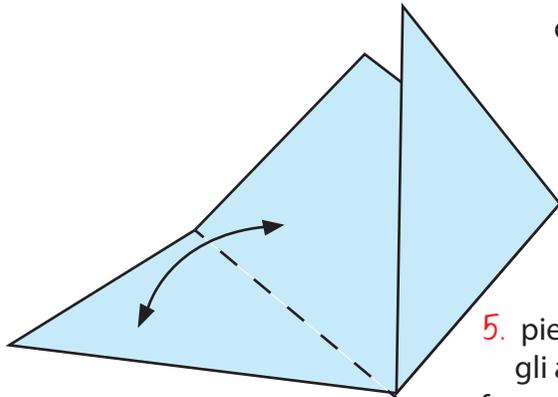

2. piegalo
seguendo un lato e
taglia la parte in più:
otterrai un quadrato

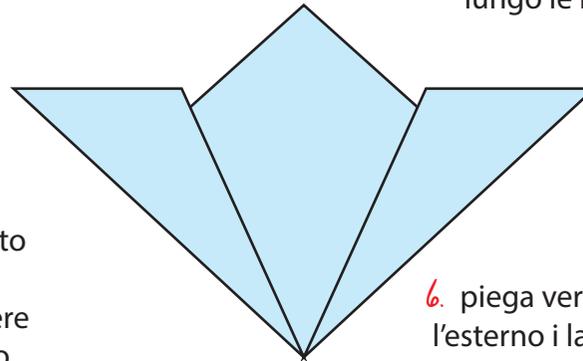

3. piega e poi taglia
lungo le mediane

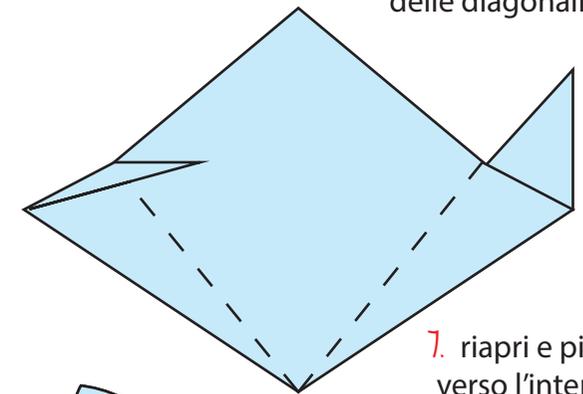

4. prendi un quadratino
e taglialo lungo una
delle diagonali

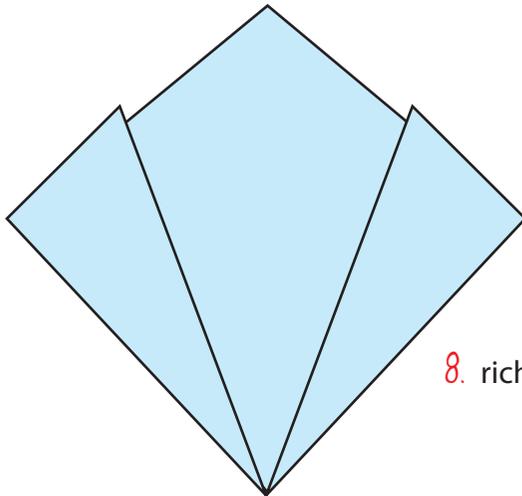

5. piega verso l'alto
gli angoli sotto
facendoli coincidere
con quello in alto

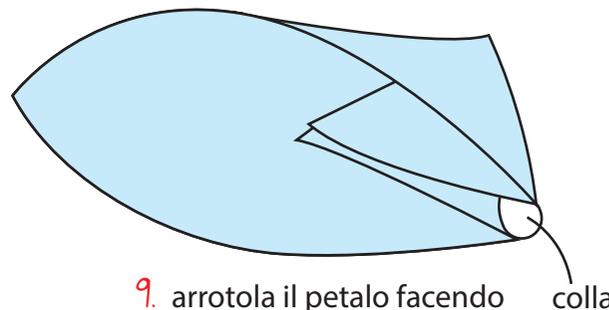

6. piega verso
l'esterno i lati

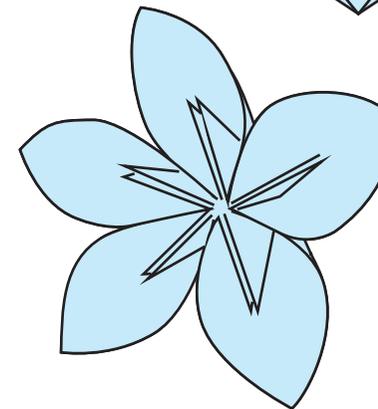

7. riapri e piega
verso l'interno
i triangolini in più

8. richiudi

9. arrotola il petalo facendo
combaciare i due lembi
e incollali alla base

10. incolla insieme
cinque petali;
otterrai così un
bellissimo fiore!
